Youth Mentorship

November 11, 2021

HDYO has more information about
HD available for young people,
parents and professionals on our
site:

www.hdyo.org

In partnership with the HDSA, the mentorship program is designed to support young people across the United States who face the everyday challenges of growing up in a family affected by HD. This program provides youth (mentee) with one-on-one time with another person (mentor) who will receive training, and ongoing support from a Youth Social Worker within the HDSA. We are actively accepting applications for mentors and mentees.
